SAFETY DATA SHEET
According to Regulation No 1907/2006/EC

1. Identification of the substance/preparation and of the company/undertaking

Trade name: BEESWAX FURNITURE POLISH
Product identification: for cleaning and polishing furniture, packaging: in plastic spray bottle
Manufacturer & Distributor: Well Done St. Moritz Kft.
Address: H-2900 Komárom, Mártírok útja 92. Hungary
Phone number: (+36) 34 340 312
Fax number: (+36) 34 540 129
www.welldone.eu
E-mail address of the competent person responsible for the Safety Data Sheet: welldone@t-online.hu
Emergency Call: Hungarian Health and Toxicological Information Service (ETTSZ): Working hours: + (36) 1 36 476 6464
24 hrs service: + (36) 80 20 11 99

2. Hazard Identification

The product is a non-hazardous preparation according to EC Directives No 67/548 and 1999/45.
Labeling: European Community hazard symbol is not necessary
Risk phrase: not necessary
If the product is used and stored according to instructions no health impairment, environmental and physico-chemical hazards are expected based on our present knowledge.

3. Composition/Information on Ingredients

<table>
<thead>
<tr>
<th>Dangerous component</th>
<th>Concentration</th>
<th>Classification, R-phrases</th>

</thead>
<tbody>
<tr>
<td>Alcohols, C10-16, ethoxylated, sulfates, sodium salts</td>
<td>&lt; 5%</td>
<td>Xi, R 38-41*</td>
</tr>
<tr>
<td>CAS No: 68585-34-2</td>
<td>EC No: 500-223-8</td>
<td></td>
</tr>
</tbody>
</table>

* This substance is not classified in the Annex I of Directive No 67/548/EEC; manufacturer classified it.
Other components of the product are not dangerous, or their concentrations are low enough not to be taken into consideration in the classification and labeling of the product according to the relevant EC directives.
Other components: non-ionic surfactants, beeswax, perfumes, silicon wax, etc.
Hazard symbols and R-phrases relate to the pure components, hazard classification of the product is given in Sections 2 and 15. Full texts of the R-phrases are listed in Section 16.

4. First-Aid Measures

General information: Move victim away from the source of exposure. Remove contaminated shoes, socks and clothing and clean them before re-use. To let drink water or to induce vomiting is forbidden if the victim is unconscious or suffers from convulsions. If toxic symptoms develop or suspicion of intoxication arises, seek medical advice immediately. Show the label and the safety data sheet of the product.
Inhalation: Remove victim to fresh air.
Skin contact: Remove contaminated clothing and shoes. Wash off the affected skin area with running water thoroughly.
Eye contact: Flush eyes with running water holding the eyelids wide open and moving eyeballs continuously.
Ingestion: Wash out mouth cavity with water, and drink 1-2 glass of water. Obtain medical attention. Show the label and the safety data sheet of the product.

5. Fire-Fighting Measures

The product is not considered a fire hazard, it is non-flammable.
Suitable extinguishing media: in adaptation to materials burning the immediate neighborhood
Hazardous combustion gases: carbon monoxide, carbon dioxide, nitrogen oxides, sulfur oxides
Fire Fighting Equipments: use self-contained breathing apparatus, and full protective gear
6. Accidental Release Measures

**Person-related precautionary measures:** Personal protective equipments are not necessary. Avoid skin, eye contact.

**Spill/release:** In the event of a major spillage – it is unlikely, due to the packaging of the product – absorb large quantities of product into inert material with extreme absorbing properties, such as sand, sawdust, vermiculite, diatomaceous earth. Remove contaminated material in closed containers for disposal. Wash off remaining material with a large amount of water. Spills may be slippery. In the event of a minor spillage, flush it with water.

**Environmental precautions:** Prevent spilled material from entering soil, sewers, drains, and natural waterways.

7. Handling and Storage

**Handling:** Use the product based on the good practice of household detergents. Do not breathe spray. Prevent eye, skin contact and accidental ingestion. Special precaution is not necessary. Follow the directions for use on the label.

**Storage:** Keep away from reach of children, direct heat sources and sunlight. Store in a cool, well-ventilated, frost-free area in the original container, at temperature 5 – 40°C (41 – 104°F).

8. Exposure Controls/Personal Protection

**Occupational Exposure Limits:** not established for components of the product

Avoid direct contact with skin and eyes, inhalation of spray of the product.

**Hygiene measures:** do not eat, drink or smoke when handling.

**Personal protective equipments** (respiratory system, skin, eyes): not necessary at normal condition of usage

Use according to instructions on the label.

9. Physical and Chemical Properties

<table>
<thead>
<tr>

<th>Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>Physical form:</td>
<td>liquid</td>
</tr>
<tr>
<td>Color:</td>
<td>white, not transparent</td>
</tr>
<tr>
<td>Odor:</td>
<td>special, perfumed</td>
</tr>
<tr>
<td>pH:</td>
<td>10±0.5 (1% aqueous solution, at 20°C/68°F)</td>
</tr>
<tr>
<td>Density:</td>
<td>one, 10 g/cm³</td>
</tr>
<tr>
<td>Solubility in water:</td>
<td>unlimited</td>
</tr>
<tr>
<td>Flash point:</td>
<td>&gt; 100°C (212°F)</td>
</tr>
</tbody>
</table>

10. Stability and Reactivity

The product is stable under normal condition (ambient temperature and atmospheric pressure). Comply with the instructions of handling and storage see Section 7.

**Conditions to avoid:** frost, heat; may decompose by heating

**Materials to avoid:** strong oxidizing agents, strong bases, and acids

**Hazardous polymerization:** does not occur

11. Toxicological Information

The assessment of the toxicological properties of the product is based upon data of components and classification criteria of Directive No 1999/45/EC.

If the product is used, handled, and stored properly risk of health impairment effects due to exposure of the product is negligible.

12. Ecological Information

No ecotoxicological investigation was performed with this product. It contains anionic and non-ionic surfactants. These surfactants comply with the biodegradability criteria as laid down in Regulation No 648/2004/EC on detergents.

Toxicity to aquatic organisms: no data

The product and its waste must not be poured to soil, sewers, drains, and natural waterways without dilution/neutralization.
13. Disposal Considerations

Chemicals must be disposed of in compliance with the respective federal, state and local regulations. Review provisions prior to disposal. European Waste Catalogue/EWC code:

07 06  waste from the manufacture, formulation, supply and use of fats, grease, soaps, detergents, disinfectants and cosmetics
07 06 99  wastes not otherwise specified

14. Transport Information

Not required according to ADR/RID, IMDG, ICAO-TI and IATA-DGR.
The product is not dangerous goods according to the international transport regulations.

15. Regulatory Information

This product is labeled in accordance with the manufacturer understanding of the relevant EU directives, regulations. Safety Data Sheet was prepared according to Regulation No 1907/2006/EC.
It is a non-hazardous preparation.

Labeling:  EC hazard symbol is not necessary
Risk phrase: not necessary
Safety phrases: S 2  Keep out of reach of children
              S 23  Do not breathe spray

Safety data sheet available for professional user on request.

Labeling accordance with Regulation No 648/2004/EC on detergents:
less than 5% non-ionic surfactant, less than 5% anionic surfactant. It contains perfumes.

16. Other Information

The information contained in the Safety Data Sheet is correct to our best knowledge at the date of issue, however it does not represent a guarantee of product properties nor does it create any legal obligation.
It is intended as a guide for the safe use, handling, disposal, storage and transportation, and is not intended as a warranty or as a specification. Consumers themselves are responsible for the risks and hazards resulting from the use of the product.

Explanation of classification and risk phrases for the pure substance(s) referred to in Section 3:
Xi: Irritant
R 38  Irritating to skin
R 41  Risk of serious damage to eyes

SDS was prepared from data given by the manufacturer.

Relevant Acts:
Safety Data Sheet was prepared according to Regulation (EC) No 1907/2006 of the European Parliament and of the Council concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH)
Directive (EEC) No 67/548 and its amendments on the approximation of laws, regulations and administrative provisions relating to the classification, packaging and labeling of dangerous substances
Directive (EC) No 1999/45 and its amendments concerning the approximation of the laws, regulations and administrative provisions of the Member States relating to the classification, packaging and labeling of dangerous preparations

Date of issue: April 19, 2010
